

**CERTIFICATE
OF PARTICIPATION**

Hazard Identification and Risk Assessment Program

HIRA LEVEL 2

Has demonstrated, through self-assessment, appropriate compliance with the requirements (*)
of the Hazard Identification and Risk Assessment (HIRA) Program, level 2.

As declared on

Dr. Alessandro Marroni
President & C.E.O.
DAN Europe Foundation

Guy Thomas
Director of Safety Programs
DAN Europe Foundation

*The Scope, Nature and Validity of this endorsement are detailed on the reverse hereof.

SCOPE OF ENDORSEMENT - CERTIFICATE OF PARTICIPATION IN HIRA LEVEL II

This certificate of participation confirms that the centre/person mentioned on the front of this certificate participated in the educational DAN Hazard Identification and Risk Assessment program and declared that the following requirements are met:

| TRAINING

- Additional training that includes hazardous marine life injuries (as applicable), neurological examination and AED if not already included in previous courses
- Minimum of one first-aid instructor (business only)

| EQUIPMENT

- Automated external defibrillator (AED)

| ENVIRONMENTAL SUSTAINABILITY PLAN

| STANDARD OPERATING PROCEDURES

- Maintenance of first-aid kits and oxygen units
- Provision for denial of service based on inadequate fitness-to-dive
- Regular emergency simulations and drills

| EMERGENCY ACTION PLANS

- Additional EAPs based on scope of activities

NATURE AND VALIDITY

This endorsement is based solely on the stated compliance by the Dive Centre / Professional mentioned on the front of this certificate with the scope of endorsement above. No physical on-site assessment by IDAN or any of the regional DAN offices has necessarily been conducted and this certificate does not warrant compliance or adherence to the practices of the business.

Based on the above, this endorsement remains valid for a period of 3(three) years from the date of issue, where-after the business shall make written submission of compliance with the scope of endorsement prior to a new certificate being issued. The rest is the same as before. Should any of the listed prerequisites, for whatever reason, no longer be respected, this certificate should no longer be displayed and DAN should be informed immediately.

DISCLAIMER

This certificate of participation only confirms that the business or dive professional has gone through the educational HIRA process, for the above mentioned level, and is committed to improve diving safety. After self-assessment, the participant declared to work in accordance with the above listed HIRA requirements. It is the sole responsibility of the business or dive professional to make sure all is implemented and available, and the requested SOPs are used and EAPs are known by all collaborating staff members. No responsibility can be assumed by IDAN, nor any individual DAN office that is part of IDAN, for any injuries or damage of any nature whatsoever, as a result of inappropriate actions or negligence, imprudence or malpractice by or on behalf of the business. As with all self-assessments, DAN cannot guarantee the information received from the participant to be true.

Any statement of compliance with any aspect of this certificate shall remain the sole responsibility of the issuer of the statement and shall not be attributed to IDAN or any individual DAN office.
